

A LIST OF ALL THE WORKS BY SHRI ADI SHANKARACHARYA

~~~~~

A list of all the works by Shri Adi Shankaracharya is given below. Even today many scholars wonder how was it possible for Acharya to write so much in a very short lifespan of 32 years. It depicts that he was the greatest scholar and a man on mission to teach & establish the philosophy of Advaita. Though majority of his works concentrate on Advaita, he equally pitches on bhakti since he believed that bhakti was a very essential step for Chitta Shuddhi without which Self-realization was not possible. Hence he composed verses and hymns in praise of every lord, majority of which were concentrated on Vishnu, Shiva and Shakthi. He wanted the people to worship the lord in any form of their wish, the results of which must finally purify their mind and make it fit for self realization. From his life history it is evident that he was blessed by Lord Narasimha, Goddess Saraswati and LordVishvanatha. Hence one can find a true Vaishnava, Shaivaand Shaakta in him. The most highlighting factor is the baashya for Hastamalakeeyam written by Shri Shankaracharya since rarely a Guru has written baashya for the work of his own disciple. Below is the list of works by Shri Adi Shankaracharya which are widely accepted to be his works.
